IMMENSE STORE TO BE OPENED

Fleishman Brothers, of Anderson and Florence Are Spreading Themselves

The Fleischmans, who have a large store here and are doing a steadily growing business, have completed a trade by which they will have one of the largest stores in the state, perhaps the largest. It will rival the great Coker store at Hartsville, which is said to cover the greatest floor space.

The new store of the Fleischman Brothers at Florence will cover an entire half of a block, as described in the following dispatch from Florence to the daily papers.

Florence, June 23.—There have been a half dozen deals in Florence real estate within the last few days. One of these deals, it is stated, was made by the B. Fleischman & Brothers, who run large department stores in this and other southern cities. It is said that the Fleischmans have in contemplation one of the largest department stores for Florence to be found in South Carolina.

BANK CASHIER HAS RESIGNED

E. P. Vandiver Has Been Succeeded as Cashier of Farmers' and Merchants Bank

The directors of the Farmers' and Merchants bank met yesterday at noon in the office of the institution, at which time they accepted the resignation of E. P. Vandiver as cashier of the bank and elected in his stead, J. I. Brownlee, who has been assistant cashier for several years. C. W. McGee, who has resigned his position as county treasurer, will become assistant cashier to succeed Mr. Brownlee.

It has been understood around town for some weeks that this move would take place within the next few weeks but for some good reasons, they did not care to make any announcement concerning the matter. The bank is in splendid condition and the regular semi-annual dividend of 8 per cent was paid.

SLOW PROGRESS IN CIVIL COURT

Negro Lost His Suit Against the Jewish Storekeeper on Defamation Charge.

Little of interest transpired in the Court of Common Pleas for Anderson county at yesterday's session. The most interesting feature of the day occurred when John Bailey Adger Malloy attempted to give Judge Prince some information on certain subjects. The judge resented this action and informed Mr. Malloy that he should bear in mind the fact that this is a South Carolina court and not in New York State. Mr. Malloy had also taken a fling at other county officials.

In the case of W. H. Dalton, a negro, versus L. Feinstein, a Jewish store keeper, in which the negro asked that he be awarded \$1,000 damages from Feinstein because of malicious prosecution, the jury found a verdict for the defendant.

When adjournment was reached last night the court was occupied with the case of Israel Miles, plaintiff, versus E. F. Allgood. Part of the testimony had been completed but some remained to be heard and the case will hardly go to the jury until noon today.

THEATRE COMPANY CHANGED ITS NAME

At Meeting Yesterday Capital Was Increased and All Plans Completed for Undertaking

A meeting of the stockholders of the Anderson Theatre Company was held yesterday afternoon at the Chamber of Commerce shortly after 5 o'clock at which 141 shares of the stock were represented, being something over two-thirds of the total stock subscribed.

Upon motion of T. Frank Watkins the name of the corporation was changed to Anderson Development Co., and the capital stock increased to \$30,000.

Upon motion of Leo Geisberg, all outstanding stock not paid for was to be called for collection.

Upon motion of R. R. King the sale of the first night tickets was to be begun immediately, the first 300 tickets to be sold at \$10 each, the next 600 at \$5 each and the balance at rates to be determined upon.

It was voted that the Dobbins liver stable people be asked to vacate the lot the latter part of this week, all papers to be signed immediately thereupon.

WILL ORGANIZE THE ASSOCIATION TODAY

ANDERSON BASEBALL CLUB TO BE PERFECTED

TO ELECT OFFICERS

Prominent Baseball Men of City Will Prepare This Afternoon For Entrance

Pursuant to a call issued late yesterday by W. L. Brissey, F. M. Burnett, R. J. Ramer and Porter A. Whaley, those who subscribed to the baseball fund which has enabled Anderson to enter the Piedmont league will meet at 5 o'clock this afternoon in the rooms of the Chamber of Commerce and at this meeting all arrangements will be completed for Anderson taking her berth in the association when the first game is played tomorrow in Gaffney. The home team opens on the road.

Anderson has a good team but it is said that every thing is not going as smoothly with the club as might be and if the fans who are behind the movement do not take a hand and lend their assistance in giving the club a good start it will be doomed to failure before the first week of the league season is begun.

Every other town in the league has already elected officers and directors and the Anderson club is the only team in the league without some such officials. It is high time that a move be made in this direction and therefore the meeting has been called for this afternoon.

From Gaffney comes the news that every business house in the city will be closed tomorrow afternoon for the opening game and Ed DeCamp says that already 1,500 tickets have been sold. He expects 3,000 Gaffney fans to witness the first game with Anderson and in all probability a large delegation from this city will increase that number.

The Anderson fans should understand that their attendance at the meeting this afternoon is important and it is hoped that many of them will attend. The following is the card sent out yesterday by the committee:

"As one of those who subscribed to the fund to secure professional baseball for Anderson, you are hereby invited and earnestly requested to attend a meeting of the fans and subscribers at 5 p. m., Wednesday, June 24th. We must elect officers and otherwise line the Anderson team up properly.

W. L. Brissey, F. M. Burnett, R. J. Ramer, Porter A. Whaley, Committee."

SOLD 800 SHARES ON NEW SERIES

The regular annual meeting of the stockholders of the Perpetual Building & Loan Association took place yesterday at which time the tenth series of this well known company was started. Before the afternoon was over 800 shares of the new series had been subscribed for. This indicates the popularity of the stock sold by the Perpetual Association.

Following the conclusion of the stockholders meeting the directors went into session and the following officers were all re-elected: R. E. Light, president; J. E. Barton, vice president; P. E. Clinckscale, secretary and treasurer and Hood & Sullivan, attorneys.

The officers and directors of the concern said last night that the stockholders were all well pleased with the showing made.

SCRIBES COMING TO ANDERSON FOR A DAY

PRESS ASSOCIATION PREPARING FOR SESSION

HARRISON TO SPEAK

Address by President of the Southern Railway Will Be One of The Chief Events

Anderson is to be visited on July 3 by the South Carolina Press Association and on that day this city will see more newspaper men than have been in these parts for quite awhile. Whether Anderson is being honored by the visit or the visitors honored by being permitted to come is a question which some of the pencil pushers may think is open to argument, but as a matter of fact this city will be proud of the opportunity to entertain the visitors.

Within the next few days a meeting of Anderson's newspaper men will be called and plans will be made at that time for entertaining the visitors. Anderson plans to do herself proud in this respect.

Ed. H. DeCamp, editor of the Gaffney Ledger and president of the South Carolina Press Association, has written that he expects this meeting to be the most successful ever held. He is straining every effort to make the meeting enjoyable and he will succeed.

The following is the complete program as announced for the meeting: Monday, July 6th, 8:30 p. m.—Meeting called to order by the President. Address of welcome; response; appointment of committees, etc.

DR. SANDERS HAS BEEN HONORED

Appointed on the Staff of the Famous Dr. Mayo for Their Rochester Hospital

The public of Anderson and all the medical men in this section of the state will congratulate Dr. R. Lee Sanders of this city upon the fact that he has been chosen by the world-famous Dr. Mayo as a physician for their staff.

Some time ago it was believed that this position would be tendered Dr. Sanders but this fact was not authoritatively known in Anderson until yesterday.

Notwithstanding the fact that he is only 32 years of age, Dr. Sanders has become one of the best known surgeons in the south and he has established a record of which many an older physician might well feel proud.

The letter of notification which Dr. Sanders has received says that he will be expected to report in Rochester on July 1 and with that end in view he is now getting his affairs in shape and is preparing to leave Anderson.

GOOD MANNERS

Following is a copy of a letter being sent to every employe of the Southern Railway company by the president, Fairfax Harrison:

"A railroad is first of all a public servant. It follows that the success of a railroad as a business enterprise depends, in very large measure, not only the efficiency upon the transportation it affords, but upon the personal treatment which those doing business with the railroad receive at the hands of its officers and employes. Therefore, in addition to doing everything in his power to promote the physical efficiency of our service, each officer and employe, whatever may be his rank or duty, must at all times consider the moral efficiency, and this means first of all that he should treat all patrons of primary rule of management of Southern Railway Co., but it is no more than care for employe himself, expects of every one from whom he pays.

"This rule should be observed regardless of the amount of business that the individual may give to the company, not only because that is the part of a gentleman, but from self interest, for the occasional traveler or the small shipper of today may be the constant traveler of the large shipper of tomorrow. A nursed grudge growing out of a surly answer has been responsible for many of the troubles of the railroads. Let us then all try to please the public.

"The station agent should remember that at his station he is the Southern Railway company and the public opinion regard the company in his community is largely his responsibility. In addition to maintaining the highest efficiency at his station, he should see to it that he and his subordinates maintain pleasant and agreeable manner in meeting the public and that all questions even unreasonable questions are answered with politeness and courtesy.

"It is equally important that trainmen shall observe the rule of courtesy and politeness, giving full, responsive and intelligent information to those passengers who solicit it about anything that may happen on the road. The operation of a railroad is interesting to every intelligent man, and the more information such a man has about actual conditions the more he will understand the difficulties encountered in operation and so contribute to sound public opinion.

"I am proud to believe that the general average of courtesy and politeness in the Southern Railway organization will compare most favorably with that of any railroad in the United States. Good manners are traditional in the South and our men are Southern men. This is attested by many letters which are received by the management commending individual employes for conspicuous acts of courtesy and painstaking efforts to serve our patrons.

"Occasionally, however, letters are received complaining of instances of discourtesy. These may be entirely eliminated if each officer and employe will adopt as his rule of conduct the declaration by the late President McKinley that 'he serves the railroad best who serves the public best.'"

Voters, Centerville Township. Please take notice that the club roll of Hunter Springs club will be at the place and dates as follows: Fertilizer Works, Tuesday, 23rd to Friday, 26th.

JONES EXPLAINING

Washington, June 23.—An explanation of his connection with the International Harvester Company today was received from Thomas D. Jones, of Chicago, by Chairman Owen of the banking and currency committee, before which Mr. Jones' nominations to the federal reserve board now is pending.

Senator Owen said the telegram explained that Mr. Jones became a director of the Harvester company in 1909 by the suggestion of friends. It was believed today that a request by Mr. Jones to appear before the committee in person would be made within a few days.

In a letter to Mr. Owen, President Wilson explained that Mr. Jones was "in a peculiar sense" his own personal choice for the board.
